Pack #4 -- Other Stock

(Use descriptions to identify these items. You can use a scale rule to identify dimensional stock. One scale inch is close to .020")

- (1) Part N Roof overlay; thin styrene sheet; approx. 6' x 7'6" (scale)
- (1) Part O Window stock; clear plastic sheet.
- (4) Part P Fine wire; approx. 4" actual (for door latches on cab, etc.)
- (1) Part Q .020 x .125" styrene strip; approx. 1" actual.
- (1) Part R .040 x .125" styrene strip; approx. 4-1/2" actual.
- (2) Part S .125 x .188" styrene strip; approx. 5" actual.
- (1) Part T .125 x .250" styrene strip; approx. 4-1/2" actual.
- (1) Part U .005" styrene sheet; approx. 2-1/4" x 6" actual.
(Note: This item is placed loose at the bottom of kit box.)

Summary of "suggested materials" for other modifications

Here's a summary of the extra materials used for the changes listed as "Ideas" in the instructions. Check off the items needed for the ideas that you wish to follow & use this as a shopping list ... for most of the dimensional styrene strip, we used Evergreen brand -- available at most hobby shops. (These items are *not* included in the kit.)

- .010" styrene sheet for Idea #4 hatch.
- .020" styrene sheet for Idea #1 doors.
- .040" styrene half-round strip for Idea #1 doors.
- .040" styrene triangle strip (Plastruct) for Idea #6 headlight platform.
- .060" styrene half-round strip for Idea #3 radiator.
- .080" styrene quarter-round strip for Idea #3 radiator
- .080" styrene channel for Idea #5 exhaust.
- 1/4" styrene tube for Idea #5 exhaust and #6 headlight.
- Brass mesh for Idea #1 doors and #3 radiator; many types available.
(We used Special Shapes #2709; available thru K&S or www.specialshapes.com)
- .010 x .020" styrene strip for Idea #1 doors.
- .010 x .030" styrene strip for Idea #4 hatch.
- .010 x .040" styrene strip for Idea #5 exhaust
- .010 x .060" styrene strip for Idea #5 exhaust.
- .010 x .250" styrene strip for Idea #6 headlight.
- .020 x .060" styrene strip for Idea #4 hatch.
- .030 x .080" styrene strip for Idea #3 radiator and #8 headlight.
- .080 x .080" styrene strip for Idea #8 headlight.
- MV L-199 lenses for Idea #3; headlights.

A summary of detail parts used on the sample model begins on Page 5 of instructions.
